

2nd International Conference on Materials Science and Research

September 26-28, 2018 Frankfurt, Germany

Conference Invitation

Madridge Conferences is very glad to announce the 2nd International Conference on Materials Science and Research (ICMSR-2018) to be held from September 26-28, 2018 at Frankfurt, Germany.

ICMSR Conference is a exclusive international platform to gather all stake holders from the world - Industry, Academia, Researchers, Innovators, Regulators to present and discuss current advances in Metallurgy and Materials Science, Advanced Materials and Devices, Characterization and Testing of Materials, Materials Engineering, Nanotechnology, Biomaterials and Healthcare, Materials in Industry, Materials Chemistry, Materials Physics, Energy Materials.

ICMSR-2018 anticipates more than 100 participants around the world with thought arouse Keynote Lectures, Plenary Talks, Oral Presentations and Poster Presentations. This is the perfect opportunity for everyone from all Universities and Institutes to get the chance to meet the world class scientists. The interested participants can join us in this esteem conference by registering for the conference along with your colleagues.

About us

Madridge Conferences are specifically designed to create a platform for all the eminent speakers, scientists, business experts, CEOs/Presidents brings together Scientific Researchers, Business Entrepreneurs and Industry Developers from top companies and young researchers to explore the advancements and novel innovations in the field of Science and Technology.

Madridge conferences will provide an understanding of basic principles in the application and management of the new progressions and discuss emerging concepts in the specific field. These Scientific events help in imparting, sharing scientific knowledge across the world.

Our International Scientific Conferences

- *Conferences organized in Medical, Pharma, Engineering, Science and Technology*
- *Continuum of education through organized scientific program*
- *Renowned speakers and scientists representing from 40 countries*
- *Highly Interactive sessions and Panel Discussions*
- *B2B Meetings offers perfect platform for Global Networking*

Conference Description

2nd International Conference on Materials Science and Research (ICMSR-2018) is going to be the biggest conference dedicated to all Materials science professionals. The goal of the conference is to exposure the research performed by an international cadre of highly-respected external scientists, professors, research scholars. This is a great platform for reporting and learning about the latest new generation technologies developed in materials science during the course of time along with discussing the applications of advanced materials.

ICMSR-2018 includes the presentations from all over the world by professionals networking with industries, leading working groups and panels. This is the best chance to meet the biggest collection of members from all over the world, Conduct shows, disperse data, make a sprinkle with another product offering, and get name acknowledgment at this occasion. Extensively recognized speakers, the latest methods, strategies, and the most up to date overhauls in Materials science and Research are signs of this meeting.

Who should attend?

2nd International Conference on Materials Science and Research is exclusively designed for Scientists, Experts and others engaged in endeavours in the field of Metallurgy and Materials Science, Advanced Materials, Materials Science and Engineering, Nanotechnology, Biomaterials, Materials Chemistry & Physics, Polymer Science, Mechatronics and business.

Target Audience

- *Materials Scientists/Research Professors*
- *Physicists/Chemists*
- *Junior/Senior research fellows of Materials Science/ Nanotechnology/ Polymer Science/*
- *Biotechnologists*
- *Materials Science Students*
- *Directors of chemical companies*
- *Materials Engineers*
- *Members of different Materials science associations*
- *Members of the Materials industries*

Why to attend?

- By participating in the conference, attendees will be able to study the advances in the Material Science.
- This International Materials Science and Research conference provides an opportunity to meet experts, professionals, academicians and researchers from all over the world.
- Execute new methods or revise existing methods based on best presented facts as presented at **ICMSR-2018**.
- Scientific knowledge and a perfect platform for global networking.
- Discuss emerging issues in Materials Science and Research
- Discuss and apply recent research findings related to Materials Science and Research
- Reflect on the place of critical distance in Materials Science and Research

Conference Themes

We invite the contributions related to Materials Science and Research. You can submit your work in these broad themes (or) any other topics related to Materials Science and Research.

- Materials Science and Engineering
- Materials for Energy and Environment
- Advanced and Functional Materials (Biomaterials, Nanomaterials, etc)
- Materials Chemistry and Physics
- Synthesis & Architecture of Materials
- Computational Materials Science
- Nanotechnology in Materials Science
- Mining, Metallurgy and Materials Science
- Ceramics, Polymers, Electrical, Optical, Magnetic and Composite Materials
- Materials in Industry
- Surface Science and Engineering
- Mechatronics and Materials Engineering
- Smart Materials and Structures
- Polymer Science Engineering
- Earth and Planetary Materials at High Pressures and Temperatures
- Materials for Nuclear Energy Applications and Aerospace Applications

For the abstract guidelines and sample abstract format please see: **Guidelines** 

ICMSR-2018 Abstract Submission starts from January 15, 2018

All the abstracts should be submitted through **online abstract submission** 

or can be mailed at icmsr@madridge.com

Poster Competition at Madridge Conferences

We are glad to welcome all the young researchers and students to present your study in the Poster Competition at **ICMSR-2018**. Madridge conferences providing you an opportunity to present your research-in-progress to world class audience and experts in a visual format. As a poster presenter, you will have a unique opportunity to combine visual and oral explanations of your project.

This competition is open to all students (Graduates, Post Graduates and Research Scholars). Posters will be evaluated by the conference committee and the Honourable Judge. Best posters awards will be given to the winners as selected by the Judge.

For the details regarding the Poster Competition and abstract submission, PS: <http://materialscience.madridge.com/poster-competiton.php>

Exhibition & Sponsorship at ICMSR-2018

Engage with participants and make new contacts, and consolidate existing relationships. Be a part of the Madridge ICMSR-2018 conference and Sponsor/Exhibit at the event. The exhibition at ICMSR-2018 promises to be an energetic place deliberately located within the conference venue. We invite you to the world's largest and most influential event which brings together more than 100 experts in Materials Science and Research from more than 20 countries, representing the world's top companies and Universities.

For more information about becoming an partner, exhibitor or advertiser, including rates and benefits, contact us at icmsr@madridge.com

Platinum Sponsor | Gold Sponsor | Silver Sponsor | Exhibitor

Conference Venue

ICMSR-2018 going to be held at Frankfurt, Germany
Further details will be updated soon.....!

If you have any queries, please contact us at: icmsr@madridge.com

Important Dates

Abstract Submission: January 15, 2018 – September 04, 2018

Early bird Registration: January 30, 2018 – February 27, 2018

Standard Registration: February 28, 2018 – September 26, 2018

Book your slots in this exciting event now!

Register for the conference at: <http://materialsscience.madridge.com/register.php>

Submit your abstracts at: <http://materialsscience.madridge.com/abstract-submission.php>

Email us at: icmsr@madridge.com
