# INTRO

Waste is a growing problem environmentally and financially in developed nations. Effective methodologies to manage waste better is of great significance. Hence, The Royal Commission International Conference On Latest Technologies of Industrial Waste Recycle and Reuse will be held in 3 – 4 December 2014, in Jubail Industrial City focusing on innovative aspects of Industrial Waste treatment, presenting new technologies, describing the state of the art and related case studies, discussing the main controversial subjects, and sharing experience among different countries, valuating social and financial balances.

The Conference will bring together industry experts and decision makers from government bodies to discuss and debate the next step in achieving a sustainable waste treatment system.

# CONFERENCE TOPICS

## 1 - New Technologies for Industrial Waste Recycling

- Spent Caustics from Refineries and Petrochemical Industries
- Lube Oil Generated from Vehicles, Pumps, and Compressors etc.
- Reuse of Solvents

## 2 - Technologies for Recycling of Waste Oil and Oily Sludge

- New Development in Waste Oil and Oily Sludge using Centrifugal Separation and Thermal Treatment
- Stabilization of Oily Sludge with Cement/Sand for Reuse
- Usage of Oily Sludge with Asphalt for the Road Construction

## 3 - Recycling of Wastes from Mineral Industries

- New Development in Handling Red Mud and Gypsum
- New Development in Handling Shredded Wastes from Steel Industries
- Latest Technology in Handling Metal Slag and Dust from Bag House in Steel Industries

## 4 - Recycling of Municipal Wastes

- Plastics and Paper Materials
- Tires
- Construction Materials such as Concrete and Asphalt
- Food Waste and Plant Waste by Composting
- Latest Development in Recycling of Used Cars and Woods

## 5 - New Technology for Recycling of Spent Catalysts from Refineries and Petrochemical Industries

- Reuse of Spent FCC Catalysts (Silica/Alumina) in Cement Industry
- Regeneration of Spent Hydrodesulphurization Catalyst (Cobalt-Molybdenum)

## 6 - Recovery of Spent Clay from Industrial Processes

- Refineries
- Corn Oil Refining

## 7 - Case Studies on Industrial Experiences for Recycling Waste

## 8 – Recycle/Reuse of Different Types of Industrial & Sanitary Wastewater

- Refineries and Petrochemical Industries
- Mineral Based Industries

# CONFERENCE COMMITTEES

## ORGANIZATION COMMITTEE

### Eng. Ahmed Al-Balawi

GM Technical Affairs ,  
Conference Chairman

### Eng. Owayed Al-Rashidi

Director, Environmental Protection and Control Dept.  
Head of Organizing Committee

### Mr. Faisal H. Al-Dhfeeri

Director of Public Relations Department  
Member

### Mr. Hatem M. Al-Zahrani

Public Relations Department  
Member

### Mr. Nasser ALMosbeh

Member

## SCIENTIFIC COMMITTEE

### Dr. Hussein Al-Beshrey

Head of the Scientific Committee

### Assoc. Dr. Omar Aga

Associate Prof. ,  
University of Dammam

### Dr. Ahmad Al-Hazmi

Environmental Manager  
SABIC

### Dr. Omar Ouda

Assistant Prof.  
Prince Mohammed University

### Dr. Waseem Akhtar

Environmental consultant  
RC-Riyadh

### Dr. Mohammed Ismail

Environmental consultant  
RC- Jubail

### Dr. Ahmet Aksakal

Environmental Specialist  
RC-EPCD

### Dr. Muhammad H. Al-Malack

Professor , Environmental Engineering Department  
King Fahd University of Petroleum & Minerals

### Dr. Hussam Jabbad

Assistant Prof.  
Jubail Industrial College

# EXHIBITION

A Technical exhibition will be held in conjunction with the technical sessions within the conference venue. The exhibition is intended to provide an opportunity for companies, consulting and research organisations to display and demonstrate their activities and services related to Nondestructive testing field. Interested organisations are encouraged to participate in the exhibition.

The exhibition stands are 3m wide and 3m deep with 2.5m height. Stand fittings will consist of a system stand, two fluorescent lights, fascia board in English, one electrical power point and sufficient tables and chairs. In addition, each exhibitor will avail the following benefits:

## Details & Benefits:

1. Exhibitors names will be published in the conference web site
2. Exhibitors profile and log will be included in the Conference Proceedings CD
3. Advertising space will be available in the Exhibition Guide and final Specialty Conference Program.
4. A brief resume (8,10 lines) of each exhibitor will be included in the official exhibition guide which will be circulated to all invited government officials, VIPs, visitors and participating delegates.
5. Wide publicity will be given in the Gulf Region about the exhibition to attract Consultants, Contractors and Government officials to visit the exhibition booths during the conference period.
6. Each exhibitor is entitled to one full conference package and one person allowed to attend all the technical sessions free of charge during the 2 days conference period.
7. Best three exhibitors will be selected and honored during the conference dinner. All other exhibitors will also be honored with certificates.

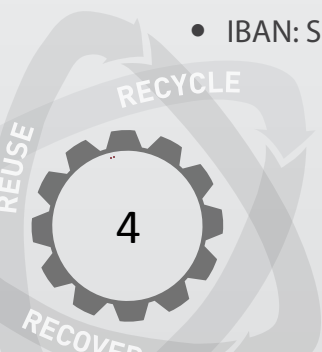

## Exhibition Cost

One full exhibition Stand 9 sq. mtr. SAR 20,000 - Minimum size is 9 sq. mtr.  
Acceptable forms of payment include Saudi Riyal / US Dollars by bankers draft payable to Gulf Forums and Exhibitions Est.

- Payee : Gulf Forums and Exhibitions Est.
- Bank: Al- Bilad Bank
- Branch: Jubail Industrial Branch
- Account # 866114050050027
- IBAN: SA2215000866114050050027

### NOTE:

In case of cancellation of exhibition space before 1st December 2014, the exhibitor will be refunded the stand/space cost after deduction of nominal administration charges borne by the Conference Secretariat.

Company name and logo will be published in the conference proceedings	✓	✓	✓
Complementary Advertising Pages in the conference guide Company name and logo will be in All advertising activities	<b>3</b> pages	<b>2</b> page	<b>1</b> page
Distribution of Company brochures or product samples/premiums during Press Conference and Delegate Registration	✓	✓	✓

# CALL FOR PRESENTATIONS

We are seeking submissions from expert speakers whose knowledge and vision will inspire and educate delegates.

We are particularly interested in proposals that focus on lessons learned and stories from the field, tips, tricks and traps as well as case studies and practical content. As a presenter you are already marketing your company. Submissions that are deemed to represent commercial advertising material (advertorials) will not be considered.

Benefits of Speaking at The Royal Commission International Conference On Latest Technologies of Industrial Waste Recycle and Reuse:

- Build your profile by demonstrating industry leading capability in your field
- Strengthen your company's profile and reputation
- Network with local and international peers
- Speakers are provided with a complimentary Conference registration for the day of their involvement

## Evaluation Criteria:

We welcome submissions from industry professionals and leading experts on a broad range of issues for consideration by Jubail Industrial Waste Treatment Conference Committee. Submission will be evaluated in accordance with the following criteria:

- Submissions referring to case studies will be highly regarded by the Program Committee
- Ideally your submission will not have been presented before and should contain new information
- An abstract giving an overview of the presented paper
- One paragraph of personal profile biography.

Your abstract should contain enough information to allow the Planning Committee to make an accurate judgment of the content of your proposed presentation. Case studies are encouraged.

Abstracts should be sent by Email to: [info@jubailwastemanagement.com](mailto:info@jubailwastemanagement.com)
