

Draft May 30, 2018

**AUR Alliance of Clinician Educators in Radiology/RSSA**

**October 8<sup>th</sup> 2018**

Course Directors: Eric Stern MD, FACR and Lamia Jamjoom MD

**Teach the Teacher Program and Workshop**

**Faculty:**

**Mark Mullins MD Emory University**

**Puneet Bhargava MD University of Washington**

**Eric Stern MD University of Washington**

**Lamia Jamjoom MD**

**Objectives:**

Upon completion of the course, nominees will be able to:

1. Identify characteristics of excellent teaching and leadership
2. Prepare engaging and effective presentations
3. Gain insights into new educational techniques and delivery methods

<b>Time</b>	<b>Topic</b>	<b>Speaker</b>
8:25-8:30 am	Introduction to Program	Jamjoom/Stern
8:30-8:45	Plenary Session: "Teaching the teachers 101"	Stern
8:45-9:15	Plenary Session: The Art of Effective Presentations	Stern
9:15-1000	Active learning session: Group review of participant 10 minute Powerpoint presentations	Group Registrant volunteers
10:00-10:15	Break	
10:15-10:45	Plenary Session: Technology for maximizing organization and productivity in radiology education	Bhargava
10:45-11:15	Plenary Session: Small group teaching	Mullins
11:15-11:45	Plenary session: Diversity in collaborative behaviors: Giving, taking, and matching	Bhargava
11:45-1:15	Lunch	
1:15-1:45 pm	Active learning session: Introduction to classroom flipping and Professionalism	Stern and group
1:45-2:15	Leadership and mentorship	Mullins
2:30-2:45	break	
2:45-3:15	Plenary: Productivity and Creativity	Bhargava
3:15-3:45	Plenary Session: Giving Effective PowerPoint Presentations	Stern
3:45-4:15	Non-interpretive skills for Radiologists (& teaching non-interpretive skills)	Mullins
4:15-4:30	Conclusion	Group/RSSA leadership

**Puneet Bhargava, M.D., F.S.A.R.**

Professor of Radiology, University of Washington

ACER Vice-President

[bhargp@uw.edu](mailto:bhargp@uw.edu)

Dr. Bhargava is the Editor, Current Problems in Diagnostic Radiology and the recipient of the 2015 Honored Educator Award, from RSNA. His interests include gastrointestinal and hepatobiliary imaging, data-analytics, organization psychology, and the business of radiology.

**Mark E. Mullins, MD, PhD, FACR**

Professor of Radiology, Emory University

Vice Chair for Education

Director

Radiology Medical Student Education

ACER immediate past-president

[memulli@emory.edu](mailto:memulli@emory.edu)

Dr. Mullins is a notable expert neuroradiologist very committed to excellence in education, with over 25 years of teaching experience in various contexts. A past-president of ACER, Dr. Mullins has held several positions of leadership in local, regional and national groups, as an innovator in education.

**Eric J. Stern MD, FACR**

Professor of Radiology, University of Washington

Vice-Chairman of Academic Affairs

ACER founding president

[estern@uw.edu](mailto:estern@uw.edu)

Dr. Stern, specializing in Thoracic Imaging, is the founding President of the AUR Alliance of Clinician-Educators. Among his many other roles, Dr. Stern has served as President of the Society of Thoracic Radiology, President of the Washington State Radiology Society, the ACR Council Steering Committee, and is current Chair of the

AUR International Relations Committee, and the ISR International Commission on Radiology Education.

About this program:

The RSSA and the Association of University Radiologists (AUR), Alliance of Clinician-Educators in Radiology (ACER) are very pleased to co-organize this first “Teach the Teacher” Radiology Education Symposium dedicated to the training of advanced educational skills to academic radiologists.

This symposium focuses on promoting the concepts of life-long learning, appreciating adult learning theories, improving presentation skills, and effectively using new educational electronic tools, through both didactic sessions and hands-on workshops.

The AUR is a multinational umbrella organization of over 2,000 academic radiologists, residents, and fellows, whose purpose is to encourage excellence in academic radiology at an international level by inspiring and educating the academic radiology community through collaboration and innovation in teaching, research, management, and leadership.

To learn more about the AUR and ACER, and to become a member, please visit <http://aur.org> and <http://aur.org/ACER/>
