21st Edition Ritossa Global Family Office Investment Summit

7-9 February 2023. VOCO Hotel Riyadh, Kingdom of Saudi Arabia

“World’s No. 1 Family Office Investment Conference, where World Leaders, Family Office Investors & Entrepreneurs Unite Together to Invest and Create A Brighter Future”

Hosted by **Sir Anthony Ritossa**, Chairman of **Ritossa Family Office**, headquartered in Dubai, with deep roots into the Middle East, Europe & USA. Sir Anthony is a family office influencer, thematic investor with interests in private equity, real estate, blockchain companies, educator, philanthropist, and a 2021 nominee for the Nobel Peace Prize. This is the 21st event in a Global Series covering Riyadh, Dubai, Monaco, and Miami - and our 2nd in the Kingdom of Saudi Arabia.

200+ Elite Family Offices, Prominent Conglomerate Business Owners, Sheikhs, Royal Families, Private Investment Companies, International Business Moguls, Sovereign Wealth Funds, & industry professionals from across the Middle East and around the globe are scheduled to attend, representing **over \$4.5 trillion** in investor wealth and making it **the world's largest and most influential gathering of elite family office decision makers**, with an investor delegate ratio of 3:1.

“World Leaders, Global Family Office Investors & Entrepreneurs Uniting Together & Investing For A Brighter Future” is the theme for our Riyadh Summit & will act as a bridge between Middle East families and their European, U.S., Asian, & Latin American counterparts to meet, network and exchange information and ideas to start the journey of discovery and venturing together between like minded peers in a safe-harbour environment.

The summit is a private forum **exclusively organised by family offices for family offices**, ultra elite private investors, prominent business owners, Sheikhs, Royal family members, financial families and their private offices from around the world. The summit brings together the **world’s leading experts** geared toward **identifying actionable strategies** for generating returns in a low-rate, high volatility market. Facilitated by family offices, the summit will provide two and a half days of **private peer-to-peer conversation, networking and cross-border thought leadership** designed to make you think about what to look out for, how you are investing, and why?

“The most highly acclaimed gathering of Middle East & Global Wealth of all time”

“I have produced literally thousands of events and conferences around the world and never have I found such a broadness of vision and project. The official support of Sheikh Al Nahyan and the Monaco Prince, the presence of the heirs of Bahrain and Yugoslavia Royal families, the heirs of Reynolds, Rockefeller, Bismarck, Muhammad, Menelik, Selassie and most innovative global finance platform is something unheard of before. Your event ranks in first place as the most astonishing and inspired world summit. I’m very proud to collaborate.” Matteo Peri, CNBC Europe.

*"**Helping Others is the Greatest Form of Wealth**" a simple purpose that can create a far reaching and long lasting impact on the well-being of individuals, family, business and countries!*

*I had the great pleasure to observe and experience this at play, and be part of that journey over many years with **Sir Anthony Ritossa**, and through the engagement with his world-renowned family office platform.*

This stated credo is the cornerstone of Sir Anthony and his family office that have facilitated the creation of significant wealth with measurable impact for many by bringing together all relevant stakeholders from every corner of the globe such as renowned family offices, thought leaders, world class established and emerging companies, state heads, government officials, impact investors and so on. He brings prominent family offices, high caliber speakers, global innovators, ultra-elite private investors, and World Leaders together, Uniting and Investing for a Brighter Future.

I was honored to be a VIP Speaker at the Global Family Office Investment Summits in Dubai and Riyadh. At both of these Summits, Sir Anthony created a dynamic atmosphere where mutual trust was established, values were shared, and entrepreneurs and innovators explored collaboration opportunities like nothing I've ever seen before.

"For me, family offices are not just economic engines but a huge source of pride, identity, hopes, and dreams. Our summits are a place to share stories and learn from our younger members - the ones with the potential and talent to continue our work and legacy." -- Sir Anthony Ritossa

Great Leaders LIFT others so they too can RISE to their Greatness.

I believe that shared success is more valuable than individual success. We are blessed so that we can bless others. Sir Anthony exemplifies this by being a strong advocate for Women in Leadership. He is a constant source of inspiration for me and the world by supporting the value of women in leadership, especially for the next generation of women leaders. I salute him and am inspired by his visionary thoughts on Women's Empowerment.

“It is my belief that female leadership matters. Women are passionate, creative, and resourceful. They see the world through a lens of opportunity. They are powerful agents of change. -- Sir Anthony Ritossa.” Jane Wachiradejkul, President & CEO of JW Global Luxury, USA
